Beautify Your Garden with the World's Finest Roses

FALL 1961 • SPRING 1962

Our rose bushes are all good, healthy, field grown. Each bush is labeled true to name. If any prove otherwise, we will gladly replace them.

All but a few varieties of our rose bushes are budded on Odorata root stock. We grow all the rose bushes offered for sale in this catalog at our nursery at Stockton. We also exercise the greatest of care in digging, packing, and shipping so that they get to you in the best condition possible.

We will replace any bushes that you receive from us that were damaged in shipping if notified within ten days, but do not replace good bushes that are planted and do not grow as there are too many soil and climatic conditions involved over which we have no control.

The first Spring after planting rose bushes, remove only old flowers, leaving all stems and leaves possible.

All our rose bushes, if given proper care, will bloom for you the first Spring and will continue all Summer and Fall. Climbing roses bloom very little the first year, but will be covered with bloom the second Spring.

When Ordering by Mail Read Carefully

PICOTEE (PLANT PATENT No. 1987) \$2.50 each

An exciting floribunda rose. Pert and a real eyecatcher, unlike anything you have seen before. Buds are exquisitely formed, the pointed white petals generously bordered with bright red, the overall effect being sparkling and gay.

A vigorous grower, very free flowering with excellent foliage, few thorns, long lasting three-inch flowers. This is the rose you will love to cut. One of the finest of Frank C. Raffle's creations.

ORANGE BEAUTY – \$2.50 each

A majestic pillar floribunda that will climb six feet in height, or may be grown as a tall shrub rose. Blooms abundantly from early Spring until frost.

The perfectly shaped buds are a clear, beautiful orange, opening to flowers of soft orange tones that change to glowing salmon with age. The blooms are long lasting when cut and possess an elegance of form which makes this an ideal corsage rose. Indeed, Orange Beauty promises to be one of the best loved of Frank C. Raffle's many fine rose creations.
